Documentation of Learner Credit Guidelines for the Jointly Accredited Provider

Jointly Accredited providers are authorized to award AMA PRA credit Category 1 Credit™, ANCC credit, ACPE credit, and/or IPCE credit.

Once an organization is Jointly Accredited, for an additional fee, they may offer AAPA credit for PAs, COPE credit for Optometrists, APA credit for psychologists, ASWB ACE credit for social work, ADA credit for dentists, CPEU CDR credit for dietitians, and BOC credit for athletic trainers.

For each credit type, providers are asked to follow the guidance for the specific credit for each health profession credit type posted on the Joint Accreditation website.

In general, Jointly Accredited providers may provide individual credit designation statements for each profession, or all the professions' credit offered for a CE activity may be listed on one statement of credit.
